WRX

## power and precision

Did three letters ever conjure so much adrenaline? With 197kW of power and 350Nm of torque, Subaru WRX is easy to spot in a crowd.

There's a hint of the power that lies beneath in the muscular bearing of a WRX. Its 18" alloys, rear spoiler, mesh grille and sports body kit leave no doubt about it.

There's a lot to admire in the cabin as well. Prepare for take off in comfy sports bucket seats with cool red stitching, a feature you'll also notice on the D-shaped leather steering wheel as you eagerly take grip. Glance at the rear view reverse camera for the all clear, turn up the infotainment system with its 6.2" touchscreen. And go.

# why WRX?

## Symmetrical force of power

### Our All-Wheel Drive philosophy

Greater balance and control. That's the confidence you get from our unique Symmetrical All-Wheel Drive System, which delivers the drive distribution to all four wheels, all the time. Every Subaru WRX has an innate sense of balance from the ground up, thanks to a near perfect symmetrical layout.

## Boxing clever

### Our famous Subaru Boxer engine

While most engines stand vertically, ours lay flat. The famous Subaru Boxer engine delivers handling like no other engine can. Sitting horizontally in the engine bay, it moves like a boxer's fists with a punch and counterpunch action. Lightweight, low and flat, it makes for perfect balance and a much lower centre of gravity. It creates less noise and vibration too. All of this means better on-road handling for you. More stability. More performance. More fun. And a more confident drive.

## DataDotDNA®

Every Subaru is fitted with advanced engine immobilisers and the DataDotDNA®<sup>1</sup> Theft Deterrent System. Microscopic dots are laser-etched with each vehicle's unique Vehicle Identification Number – making it a less attractive target for thieves.

### Three Year Rebate on Theft Insurance Excess

DataDot Technology (Australia) Pty Ltd will pay your theft insurance excess<sup>2</sup> (up to a maximum of \$800 including GST) should your new Subaru be stolen and not recovered within 45 days, despite the presence of DataDotDNA® and warning labels.

## Finest safety

### 5 star ANCAP safety across the range

With spirit, quality and imagination comes some serious safety innovation. We want every Subaru to be amongst the safest cars on the road. Engineered full of cutting-edge technologies and the most intelligent design features. It's not a Subaru unless it carries the maximum 5 star ANCAP<sup>3</sup> safety rating.

## Eyes in the back of your head

### Rear view reverse camera

Manoeuvring back into a tight side street? Family driveway littered with toys? Reverse with confidence, thanks to our rear view reverse camera technology. The rear view reverse camera is like having eyes in the back of your head. This greatly improves your visibility and reduces the risk of bumps and scrapes. Rear view reverse camera standard on every Subaru WRX and WRX Premium.

## Yet another world first

### Lineartronic™ CVT

Pushing innovation beyond the bounds, we introduced an automatic transmission with no discernable steps or shifts. We called it Lineartronic™ CVT. And it's the reason our automatic models drive so smooth. It's the world's first longitudinally mounted system for AWD vehicles. Unlike a conventional automatic transmission – which uses fixed gear ratios – our Lineartronic™ CVT provides infinite variability between the highest and lowest available gears. So you now experience a smooth gear change, into any optimum gear for that moment. CVT available on Subaru WRX and WRX Premium.

## Intelligently driven

### Subaru Intelligent Drive

Heading to the shops? Taking on the Great Ocean Road? Each situation deserves a distinctive driving mode, so we crafted Subaru Intelligent Drive (SI-Drive) technology standard on all Subaru WRX CVT variants to do just that. Switch from smart, to sporty to even sportier. Intelligent (I) mode – perfect for everyday driving, Sport (S) mode – for enhanced acceleration and all-round sporty performance and Sport Sharp (S#) mode – for a truly thrilling drive.

# cockpit perfection

The Subaru WRX driver has never been so well catered for inside the cockpit. The dashboard design is engineered for vision, control and super-connected infotainment with plenty of technology on offer. The integrated LCD display lets you make handsfree calls and choose your favourite tracks, thanks to voice and touchscreen functionality. A rear view reverse camera covers your rear just as satellite navigation on the WRX Premium keeps you heading in the right direction.

# why WRX STI?

## Symmetrical force of power

### Our All-Wheel Drive philosophy

Greater balance and control. That's the confidence you get from our unique Symmetrical All-Wheel Drive System, which delivers the drive distribution to all four wheels, all the time. Every Subaru WRX STI has an innate sense of balance from the ground up, thanks to a near perfect symmetrical layout.

## Boxing clever

### Our famous Subaru Boxer engine

While most engines stand vertically, ours lay flat. The famous Subaru Boxer engine delivers handling like no other engine can. Sitting horizontally in the engine bay, it moves like a boxer's fists with a punch and counterpunch action. Lightweight, low and flat, it makes for perfect balance and a much lower centre of gravity. It creates less noise and vibration too. All of this means better on-road handling for you. More stability. More performance. More fun. And a more confident drive.

## DataDotDNA®

Every Subaru is fitted with advanced engine immobilisers and the DataDotDNA®<sup>1</sup> Theft Deterrent System. Microscopic dots are laser-etched with each vehicle's unique Vehicle Identification Number – making it a less attractive target for thieves.

### Three Year Rebate on Theft Insurance Excess

DataDot Technology (Australia) Pty Ltd will pay your theft insurance excess<sup>2</sup> (up to a maximum of \$800 including GST) should your new Subaru be stolen and not recovered within 45 days, despite the presence of DataDotDNA® and warning labels.

## Finest safety

### 5 star ANCAP safety across the range

With spirit, quality and imagination comes some serious safety innovation. We want every Subaru to be amongst the safest cars on the road. Engineered full of cutting-edge technologies and the most intelligent design features. It's not a Subaru unless it carries the maximum 5 star ANCAP<sup>3</sup> safety rating.

## Eyes in the back of your head

### Rear view reverse camera

Manoeuvring back into a tight side street? Family driveway littered with toys? Reverse with confidence, thanks to our rear view reverse camera technology. The rear view reverse camera is like having eyes in the back of your head. This greatly improves your visibility and reduces the risk of bumps and scrapes. Rear view reverse camera standard on every Subaru WRX STI and WRX STI Premium.

## Intelligently driven

### Subaru Intelligent Drive

Heading to the shops? Taking on the Great Ocean Road? Each situation deserves a distinctive driving mode, so we crafted Subaru Intelligent Drive (SI-Drive) technology available on all Subaru WRX STI variants to do just that. Switch from smart, to sporty to even sportier. Intelligent (I) mode – perfect for everyday driving, Sport (S) mode – for enhanced acceleration and all-round sporty performance and Sport Sharp (S#) mode – for a truly thrilling drive.

## Ultimate control in your hands

### Multi-mode Driver's Control Centre Differential (DCCD)

Do drive with confidence wherever your WRX STI takes you, from your daily city commute to rain soaked highways. Take control of your drive with Multi-mode DCCD, Subaru technology which optimises traction, handling response and all round performance.

With four distinct modes, the driver controls the centre Limited Slip Differential (LSD) to match the conditions and their individual driving style. Exclusive to Subaru WRX STI, Multi-mode DCCD features Auto mode for all round driving performance. When things get slippery dial up Auto (+) mode for optimal traction in the wet, while Auto (-) lets you enjoy sharp handling in dry conditions. Or select Manual mode to put the power back in your own hands and match the control setting to your drive.

# immerse yourself

Subaru WRX STI's drive is matched by the experience in the cockpit thanks to a cutting-edge integrated infotainment system with its big, bright 7" LCD display. Make handsfree calls and play your favourite driving tunes through harman kardon<sup>®1</sup> speakers with voice and touchscreen functionality. Bluetooth<sup>®2</sup> wireless tech, satellite navigation and two USB connections are standard both on the WRX STI and WRX STI Premium variants, as is a rear view reverse camera.
